

Camden Art Centre Arkwright Road London NW3

Using Zoom and Discord

As a member of Youth Collective you have access to artist-led online workshops as well as a dedicated Sharing Space for critical chats, and sharing your responses and work. The workshops will take place over Zoom and the Sharing Space will take place on Discord.

We've outlined what to expect when using the online platforms here...

Zoom:

- Workshops will be held on Zoom (www.zoom.us) – Zoom is a free online platform. A Zoom account isn't required to attend a meeting and anyone can join a meeting using the mobile apps or desktop apps. To attend the sessions you will be asked to register via a link provided in the mailchimp newsletters. Once you have registered, you will then be sent a zoom meeting invite. To watch how to join see the YouTube tutorial here: https://www.youtube.com/embed/hlkCmbvAHQQ?rel=0&autoplay=1&cc_load_policy=1
- You are required to register to attend meetings via the links provided in the newsletters. Once you have registered, you will be given an ID and password to access the workshop.
- Members are unable to send private messages on the chat dialogue box, however they are able to send messages to the whole group which may be encouraged as part of the workshop. CAC staff will monitor this to note and address questions or technical issues which may arise.
- Members are unable to share their screen
- YC members are not required to use their video function to show themselves if they don't feel comfortable.
- Participants profile pictures are disabled – if you chose to have their camera off only their name will be visible
- As host, CAC staff will use the function to remove anyone who willingly engages in any disruptive behaviour, or disrespect towards other participants
- If it is a large group YC members will be asked to mute their microphones unless invited to speak and given the option to 'raise their hand' in order to contribute and respond to the session verbally.

Discord:

- Sharing Space will take place over Discord (<https://discordapp.com/>). Discord is a free online platform, you will be asked to sign up for an account via submitted your email address. **You will only be sent a link to join the Youth Collective online digital community once you have attended one workshop.**
- This is a space where discussion is led by Youth Collective members. However, the CAC Learning Team will monitor the page to ensure it remains a safe and inclusive environment.

You should have read our participation guidance when you registered. If you have not, please do so before attending a session.
